FOR IMMEDIATE RELEASE

‘Five Courses for Clovernook’ Raises \$50,000 for the Blind and Visually Impaired

CINCINNATI – May 29, 2019 – On May 2, 2019, Clovernook Center for the Blind & Visually Impaired raised more than \$50,000 at its fifth annual “Five Courses for Clovernook” fundraiser.

Funds raised will support service programs like the Pediatric Low Vision Clinic – a partnership between Clovernook Center and Cincinnati Children’s Hospital Medical Center (CCHMC) – that provides evaluation and rehabilitation services, as well as adaptive devices, to children who are low-vision at no cost to their families.

Guests enjoyed a five-course meal with world-class wine pairings from award-winning restaurateur Nicola Pietoso and his culinary team. Attendees also had the opportunity to hear from Dr. Terry Schwartz, pediatric ophthalmologist at CCHMC, about the accomplishments and impact of the Pediatric Low Vision Program on the region.

“‘Five Courses for Clovernook’ is one of the organizations favorite events,” said Clovernook Center’s President and CEO Chris Faust. “Guests enjoyed a delicious meal and supported blind and visually impaired children in the area at the same time. We are incredibly fortunate to have surpassed our goal and to be able to provide more support for the Pediatric Low Vision Clinic this year.”

Clovernook Center would like to thank Eurostampa, Gries Financial Partners, Horan and Pensionmark as the generous sponsors of the event.

About Clovernook Center for the Blind and Visually Impaired

Since 1903, Clovernook Center for the Blind and Visually Impaired has been providing life-enriching opportunities and empowering people who are blind or visually impaired to be self-sufficient and full participants in their communities. Adult programs and youth activities, as well as arts and recreation departments provide critical services to those who need it. Clovernook’s Braille Printing House is the largest volume producer of braille in the world. It prints books, magazines and other materials for the National Library Services and braille patrons worldwide

while providing employment opportunities for blind and visually impaired individuals. For more information, visit www.clovernook.org.
